PAVING NOTICE

Blair Township has contracted with Grannas Bros. for the 2018 Liquid Fuel Paving Program. Weather permitting, the following roads are scheduled to be paved on Wed June 20th. In the event of rain, work will take place on the next suitable weather day.

Meadow Lane—Lawrence to Forsht	Approx 6:30 am to 1 pm
Robin Lane—Lawrence to Forsht	Approx 7:00 am to 1 pm
Pennington Dr—Newry to Meadow	Approx 8:00 am to 3 pm
Robin Lane—Forsht to Holiday Dr	Approx 9:00 am to 5 pm
Pennington Dr—Meadow to Culdesac	Approx noon to 6:30 pm
Meadow Lane—Forsht to Wade Lane	Approx noon to 6:30 pm

Approximate work times are provided above as a guide to help you plan. However, they are not a guarantee. This is a TENTATIVE schedule. The order listed is the approximate order in which each street would be done in on each day. However, the schedule is subject to change, based on work progress or weather. The ending times above for each street are the times that we expect the street to be reopened to traffic.

The road will be paved full width, and will be closed during paving. During this time, access to your home will be cut off. Please make arrangements to get your vehicle out ahead of time. Once we pave past your house, the new asphalt needs at least 3 hours to cure. Also, prior to paving, we spray a tack oil that you will not want to drive through.

Grannas Bros. will not be responsible for any damage to your vehicle or the roadway, based on your inability to follow these instructions. Thank you in advance for your cooperation during this inconvenience, as it will result in a nice improvement for you and your neighbors.
