In 2020 the coverage had a zero-day elimination period. Considering that this coverage has been in force for two years and has never been used by an employee, it was suggested that an elimination period be established in order to save on the premium costs. Following a discussion, the
Supervisors agreed to continue the coverage, but to establish the elimination period of 14 days. Chairman Silvetti made a motion to renew the STD & LTD UNUM coverage as presented going to a 14/14-day (injury/sick) elimination period. Supervisor Amigh seconded the motion. Discussion Item: **FY 2021 Health Insurance Premiums**, employee payroll deduction participation. Currently, the Township employees pay 5% of their premium costs. Should the Township increase the percentage of payroll deduction, it would yield approximately $9,000 at the end of a 3-year period. Supervisor Amigh commented that in his opinion it is not a great enough savings to the Township, noting his desire to keep the employees happy and the morale good. Chairman Silvetti stated that at some point a higher level of employee participation will be necessary if the premiums continue to rise.
